Profile

An Experienced UI Developer with a rich background in responsive web design and coding. Currently contributing to Aabasoft Technologies, crafting seamless and user-friendly interfaces. Previously, honed skills as a Front-End Developer intern at Bridgeon Solutions. Proficient in HTML, CSS, JavaScript, React, and adept in design tools like Figma, XD, Adobe Photoshop, and Illustrator. Dedicated to optimizing performance, ensuring accessibility, and fostering collaborative teamwork for impactful results.

Education

B.com Co-operation, Kannur University
2013 – 2016

Higher Secondary Education,
Govt VHSE Madayi
2011 – 2013

Skills

Frontend Technologies

HTML5, CSS3, JAVASCRIPT, SCSS, BOOTSTRAP, JQUERY, REACT, REDUX

UI / UX Designing & Tools

Figma, Adobe XD, Photoshop, Illustrator, Canva, UI Design, Prototyping and Wireframing, Typography & Color Theory

Professional Experience

UI / UX DESIGNER, WEB DESIGNER,

Black Badger Innovations Pvt Ltd

04/2025 – present

Working on logo design, mobile app UI, poster design, and creating illustrations. Focused on clean, creative visuals that match brand style and improve user experience.

UI DEVELOPER, UI / UX DESIGNER,

Aabasoft Technologies India Private Limited

12/2023 – 02/2025

Worked as a UI Developer and UI/UX Designer. Designed and built websites from scratch. Learned design basics and improved user experience through full UI work.

JUNIOR FRONT END DEVELOPER, *Brideon Solutions LLP*

09/2023 – 11/2023

Worked as a Junior Front-End Developer. Used React to build parts of an LMS project. Made the design easy to use and mobile-friendly.

SOFTWARE DEVELOPER INTERN, *Brideon Solutions LLP*

02/2023 – 08/2023 | Calicut

I started as an intern at Bridgeon Solutions, learning HTML, CSS, JavaScript, React, and Redux. I worked on real projects and improved my coding and design skills by building user-friendly websites with the team.

Projects

Kosamattam Finance

Working on complete conversion of the Kosamattam Finance website, developing multiple responsive pages for a seamless user experience. Improved design, performance, and interactivity while enhancing UI/UX, animations, and accessibility

FinBook Global

Completed the full UI conversion for **Finbook Global**, a finance and accounts management platform. Used a structured workflow, optimized layouts, and design variables to simplify development and improve the user experience.

Kitko

Led the full UI conversion for **KITCO**, an engineering and consulting firm. Managed the project from scratch, creating structured layouts, using design variables, and adding smooth animations for a seamless user experience.
